

# BEST GROUP RISK ADVISER WINNER GALLAGHER RISK & REWARD

Success at these awards at the first attempt for Gallagher Risk & Reward, who impressed our panel with a bright submission that showed the firm puts risk at the heart of everything it does. With expertise in both the domestic and international sectors, Gallagher Risk & Reward showed it was at the fore in keeping clients protected on all fronts.

It also demonstrated innovation through its development, with a provider, of a cost-effective solution to the liability issues of holiday pay in the wake of the Stringer v HMRC ruling. Clients saved on average between 15 and 10 per cent in their first year of working with the firm, which demonstrated a commitment to technology to

keep its own costs as competitive as possible.

2010 saw the firm enhance its multi-national pooling, non-domiciled employee and other cross-border services. Congratulations to this year's worthy winner, Gallagher Risk & Reward.
